'FUND LOSS' TO FORCE SCHOOL BOARD CUT

Elisabethville Is Bombed As U.N. Takes Steps In Congo

ELISABETHVILLE, The Congo (AP)—U.N. forces supported by aerial bombardment seized almost complete control of this secessionist capital today and apparently started a mopping up operation. President Moise Tshombe fled his palace and his whereabouts were unknown.

A U.N. spokesman said Katangan resistance was cracking and that Tshombe's heavily-armed police were fleeing into the bush, leaving behind weapons, equipment and a number of armored cars.

U.N. forces took the offensive after enduring two days of Katangan police attacks on positions in Elisabethville.

U.N. planes bombed strategic points in both Elisabethville and the mining town of Kolwezi, about 150 miles northwest of the capital.

A U.N. spokesman said the city's water supply, cut off in the outbreak of hostilities Thursday night, had been restored. He said the U.N. hoped to have electric power restored within two days.

U.N. troops took Tshombe's palace with little resistance from the presidential guard. Tshombe was gone when the blue-helmeted international troops—mostly Ethiopians and Indian Gurkhas—occupied the palace.

Previously, Tshombe had been reported trying to flee to Kipushi, about 15 miles from Elisabethville, on the northern Rhodesian border, or to Kolwezi.

A U.N. spokesman said the Elisabethville post office, railroad station and the Katanga radio station were taken over by the U.N. troops.

The spokesman said the United Nations was beginning a move against roadblocks in the vicinity of the railway tunnel—scene of bitter combat in previous rounds of fighting in Elisabethville a year ago.

The spokesman said U.N. troops reported few Katangans were taken prisoner and that Tshombe's casualties were believed light.

U.N. forces lost one killed and five wounded in fighting Friday.

Previous reports said seven U.N. soldiers and eight civilians were wounded.

Despite the successes of U.N. troops, small arms and heavy mortar fire continued in several sectors of the town.

Seize Post Office
U.N. Tunisian troops occupied Elisabethville's central post office and the U.N. claimed to have complete freedom for its forces, following the seizure of 20 Katangan road-blocks.

The U.N. military commander, Indian Brig. Reginald Noronha, accused Tshombe of being insincere during peace talks Friday. He said the fighting Friday night and this morning could have been avoided if Tshombe had signed an agreement to remove his roadblocks.

Other U.N. officials, have said Tshombe seemed to be acting in good faith in seeking a halt to the shooting.

Tshombe's personal guard was reported to have fled from the palace after exchanging only a few shots with advancing U.N. troops.

The U.N. had no report on Katangan casualties.

Belgian travelers from Katanga reaching the North Rhodesian border said late Friday that U.N. troops supported by heavy mortar fire had closed in on the heart of Elisabethville in a broad arc from both sides of the Union Miniere refinery at Lumumbashi. They also reported that the Katangans

strongly resisted another attack launched from the northwest.

Heavy Fighting Reported
The reports from North Rhodesia said heavy fighting was still going on along the road to Kipushi and that Tshombe was believed to have escaped to a village somewhere south of Elisabethville.

Meanwhile, the first group of U.N. civilians — mostly dependents — evacuated from the Katangan capital arrived by air in Leopoldville.

A telegram reaching the United Nations in Leopoldville from the Katangan capital said U.N. forces controlled the post office, the railroad station, the studios of Radio

Has Been Acting Administrator

R.F. Rice Named City Hospital Head

The Board of Trustees of Salem City Hospital Association today announced the appointment of Robert F. Rice as administrator of the hospital, effective Tuesday.

Rice has held the position of acting administrator since last July, when C. F. Mosher resigned. Previously, for a period of 18 months Rice was controller at the hospital.

Before coming to Salem from Pittsburgh, the new administrator was controller for the Penway Electronics Corporation and in the seven years preceding that employment he worked for Radio Corporation of America at Cherry Hill, N.J., in managerial and financial capacities.

He attended Maryville College at Maryville, Tenn., and was graduated in 1949 from Pierce College in Philadelphia, majoring in accounting and business administration.

Rice served in the Air Forces for three and one-half years during World War II. He is a native of Schenectady, N.Y.

Married and the father of three children, the family residence is at 554 Franklin Ave.

Atty. South Metzger is president of the Board of Trustees of Salem City Hospital.

\$700 Million 'Lost' Yearly By Americans

PHILADELPHIA (AP)—Careless Americans encourage crime by "losing" more than \$700 million in cash a year, crime experts were told today.

They tempt and help support criminals by making it easy to be relieved of money, said Michael Fooner of the Association for Applied Psychoanalysis, New York City.

One survey showed 9½ million American adults lost sums of cash in a single year, averaging \$75 each, with nearly 1¼ million out of pocket for \$200 or more.

They generally left money and valuables unguarded in hotel rooms or at home and were careless in carrying money in wallets or handbags.

Such carelessness creates a massive number of temptations and opportunities, Fooner told a session of the American Association for the Advancement of Science.

Men and women lose cash with equal frequency, but women lost it three times more often than men while out shopping, he said.

Both lose money while traveling, while shopping, while at work, in public gathering places and around the house. The highest loss is in money that simply seems to disappear, reflecting the skill of pickpockets.

Maybe, Fooner said, in our affluent society, many people have subconscious feelings of fear, guilt, dependence and other psychological disturbances that make them prone to losing money, much as some people seem to be accident prone.

Katanga and Tshombe's palace.

The U.N. command moved into action after repeated failures by Tshombe to bring an end to the firing of his gendarmes. It appeared that Tshombe did not have control over his men. U.S. officials said they were convinced Tshombe acted in good faith in seeking an end to the shooting.

Touched Off By Sentry
In Washington, U.S. officials said they had a report from the U.S. Mission in the Congo that the outbreak was touched off by an Ethiopian U.N. sentry firing into the air at the approach of a Katangan soldier who didn't understand the situation.

Rhodes Makes Two Cabinet Appointments

COLUMBUS, Ohio (AP)—The addition of William O. Walker, Cleveland Negro publisher, and William R. Morris brings to seven the number of positions Gov.-elect James A. Rhodes has filled for his cabinet.

That leaves eight to come, unless there are holdovers in the Republican administration from the tenure of Gov. Michael D. Sallie, the Democrat whom Rhodes succeeds Jan. 14.

Walker became director-designate for the Department of Industrial Relations and Morris was named superintendent of insurance late Friday.

Walker, 66, publishes the Cleveland Call and Post, Morris, 47, of Upper Arlington, Columbus suburb has served on Rhodes' staff in the state auditor's office for several years.

Other cabinet-level posts to be filled by Rhodes are adjutant general and directors of the departments of agriculture, commerce, health, highway safety, mental hygiene and corrections, natural resources and public works.

Walker who may be Ohio's first Negro cabinet member, is president of the Woodland-55th Corp. in Cleveland, a member of the Wilberforce University board of trustees, and a former Cleveland city councilman.

Morris has been director of the County and Township Division, Bureau of Inspection and Supervision of Public Offices, under the state auditor, since 1959. Prior to that he was chief of liquor audits.

Morris attended Kiski Prep School, Ohio University, Ohio State University and Franklin Law School and was admitted to the practice of law in Ohio in 1949. An industrial engineer early in his career, he served in World War II with Army Air Force intelligence. He is married and has a 13-year-old daughter.

U.S. Expected To Give More Aid In Congo

Airplanes, Trucks On List of Items Requested by U.N.

WASHINGTON (AP)—The United States is expected to announce shortly that it will supply more military equipment for the United Nations' Congo operation.

The announcement may be made within a week and the most urgently needed material will be flown immediately to the Congo, authoritative informants said today.

The most important items on the U.N. shopping lists are 10 fighter planes. They are needed to give air protection to U.N. ground troops and to fend off hit-and-run attacks of the Katanga air force, estimated to consist of about 20 airplanes of various types and vintage.

The list of requested material—a detailed document drafted by the Indian commanders of the U.N. air force—was given to Lt. Gen. Louis W. Truman, head of a U.S. fact-finding mission which returned from the Congo this week.

Truman, informants said, approved the U.N. list after on-the-spot verification of the requirements and he submitted it Friday evening to the Joint Chiefs of Staff.

The final decision rests with President Kennedy, officials said, and added that knowing Kennedy's concern about the deteriorating Congo situation they felt sure the United Nations will get what it asks for.

The United Nations also wants a prefabricated steel bridge, air transport planes and 2½ ton trucks.

High U.S. sources indicated that the United States made no commitment to supply the fighter planes.

Some officials said that while the United States will certainly provide transport planes and trucks for troop transportation, the decision on the fighters depends on how many planes other nations turn over to the U.N. force.

In other words, the United States would fill in the gap if it is found that the United Nations does not have enough fighters to match Katanga's air force.

As both India and Ethiopia are withdrawing their planes from the Congo, the United Nations can presently count on only three Swedish jet fighters, U.S. officials noted, however, that Iran has pledged to send four jet fighters.

Others are expected from Italy and the Philippines, and an additional four fighters from Sweden.

Soviet Union Pays Taxes to U.S. Town

GLEN COVE, N.Y. (AP)—The Soviet government has paid more than \$23,000 in back taxes owed this Long Island community rather than face loss of the lush estate it owns here.

Mayor Joseph Reilly of Glen Cove picked up two checks drawn on Chase Manhattan Bank and totaling \$23,132.96 in payment of back taxes on the sprawling estate known as Killenworth.

Reilly said he picked up the checks at the United Nations Mission headquarters, where an American diplomat said the Soviets made the payment under protest.

Several months ago the community put up for auction the 1960 tax liens against the estate, which the Russians use as a retreat for their U.N. delegation.

There were no bidders on the liens and the community bought them back. The Soviet government argued that because the estate is used by U.N. delegates, it is immune to local taxes.

Glen Cove officials contended the estate is not used as a main residence for the Soviet U.N. delegation and as such is not immune to taxation.

18 Killed In Holiday Traffic

Safety Council Says Toll Could be 480

Traffic 15
Fires 3
Miscellaneous 0
Total 18

By The Associated Press
Thousands of merry-makers and other motorists enjoying 1962's last holiday weekend are expected to hit the nation's highways today, bringing an estimate from the National Safety Council that between 420 and 480 persons may become victims of the nation's No. 1 killer—traffic accidents.

The long four-day New Year's holiday, which began at 6 p.m. (local time) Friday, ends at midnight New Year's Day.

The 104-hour holiday began quietly, with only a handful of fatal accidents reported. But most persons were expected to be in the highways today, Sunday and New Year's Eve.

The latest count showed 15 dead in traffic accidents and 3 persons dead in miscellaneous accidents directly attributed to the holiday. No fire fatalities had been reported.

In making its pre-holiday estimate of 420 to 480 traffic fatalities the Safety Council said studies of past turn-of-the-year holidays show driving too fast for conditions is a factor in more than half the fatal accidents — compared with an annual average of 37 per cent.

The NSC also said that drinking drivers are involved in 38 per cent of New Year's weekend accidents, compared with an annual average of 30 per cent.

The council estimated that 18,000 to 21,000 persons could suffer disabling injuries during the period.

The record death toll for a New Year's weekend was 409, established during a four-day holiday weekend in 1956-57. Last year, 337 persons were killed in traffic accidents during a three-day New Year's weekend.

The Associated Press tabulated 646 deaths in motor vehicle accidents during the four-day Christmas holiday last weekend.

An AP survey of fatalities in a four-day non-holiday weekend—from 6 p.m. Friday, Dec. 7, to midnight Tuesday, Dec. 11—tallied 371 deaths in traffic, 64 in fires and 76 in other accidents for a total of 511.

Inclement weather and hazardous highway conditions will be a large factor in the traffic toll. Rain and snow were forecast for many parts of the nation today.

Latest Move In Meters Wrangle

Auditor Asks Court Name Her Counsel

City Solicitor Thomas Coe, who recently filed a mandamus action for the city of Salem against Auditor Helen Coyne to force her to pay a \$12,842 bill for parking meters, was informed Friday that Mrs. Coyne has asked the Columbiana County Common Pleas Court for assistance in obtaining counsel to represent her.

The auditor has requested that

the court direct City Council to authorize her to engage a lawyer of her own choosing in order to aid in her defense. A hearing on her request is scheduled for 1 p.m. Thursday, Jan. 3.

Solicitor Coe's action against Mrs. Coyne comes about as the result of her refusal to pay Magee-Hale Park-O-Meter Co. of Oklahoma City, Okla., for meters in use in Salem since November, 1961.

The auditor claims that the parking meters were purchased by Mayor Dean B. Cramer without authorization from City Council.

The mayor has contended all along, and Council has not denied it, that the meters were ordered by him upon Council's verbal authorization.

Council has given two readings to an ordinance calling for the retaining of Attorney John E. Bauknecht of East Palestine as special counsel to represent Mrs. Coyne. The third reading is scheduled at Council's next regular session, Jan. 2.

The Magee-Hale company has made repeated demands on the city for payment of the old bill but, as yet, not threatening suit.

The annual meeting of the Columbiana - Mahoning Horticulture Society will be Thursday at the First Christian Church in Salem, with events scheduled to begin at 10 a.m. when slides of the 1962 Canfield Fair will be shown.

Ed Royer, Ohio Extension specialist in fruit and vegetable marketing, will discuss producer problems on apple labeling at 10:45 a.m. followed by a review and plans for insect and mite problems by Dr. Howard Forsythe of the Department of Entomology of the Ohio Agricultural Extension Service.

Dinner will be served at noon. Russell Huffman, president of the Columbiana-Mahoning Horticultural Society, and Paul Less, secretary-treasurer of the Mahoning County Horticultural Society, will conduct an apple variety naming contest at 1:15 p.m. A business meeting, including election of officers, is slated for 1:30.

Henry Ross, manager of the Salem Fruit Growers Co-op, will report on the organization at 1:45 and Howard Wells, manager of the Ohio Apple Institute, will show pictures of a 1962 visit to Russia, Poland, Hungary and Belgium, with special emphasis on points of interest to fruit producers at 2 p.m. to conclude the program.

All wives of society members and any fruit producers who are not yet members of the society are invited to attend.

Tax Revenue Off \$20,000, Smith Reports

Says Commission's Error Gives Board Deficit For '63

Cuts in operating expenses are in the offing next year in Salem Schools in light of figures released Friday by Supt. Paul E. Smith at a special end-of-year dinner meeting of the Board of Education at Hotel Lape.

Supt. Smith said the general fund balance for city schools would show a deficit of approximately \$20,000.

"This unfortunate situation," Smith said, "arose because the 1962 receipts from personal property taxes did not measure up to the estimated amount certified Jan. 18 to the board by the County Budget Commission, the amount upon which the 1962 appropriation was based."

The Budget Commission certified an estimated appropriate amount of \$1,504,648.23, but final receipts totaled \$1,449,361.44, a shrinkage of \$55,286.79, Smith declared.

"Because the administration and Board operated to retain a sizeable balance to put in the payroll fund continuing the long range plan to fund our liability for teacher's services during the first four months of the school year, the shortage of more than \$55,000 has diminished to an approximate \$20,000 deficit," the superintendent said.

The loss of revenue reflects lower personal property tax values in the Salem School District. Smith, after the meeting, commented: "This situation reveals... one of the real problems of school financing; namely, that even though personal property returns must be filed no later than June 30, personal property tax receipts are not known to local school districts until a few days before the end of the calendar year. This problem becomes more pronounced when a school district such as ours attempts to operate within a tight budget when any variation in income or expenditures poses a real problem."

The administrator concluded that, despite the efforts to live within the 1962 income, the administration and the Board is forced to start the 1963 appropriation with a prior claim on it of some \$20,000.

"This will diminish our already planned tight 1963 appropriation by this amount," he said.

Health Questions And Answers

Q—I have been taking cortisone for about eight years for rheumatoid arthritis and getting much relief. Please tell me why a person taking cortisone is a poor risk for an operation?

A—A person who is taking cortisone regularly and who has a sudden added stress such as a surgical operation may develop a critical deficiency of adrenal secretion. Although this is a definite risk it is not a reason to forego a necessary operation.

Since surgeons now understand this danger they meet the problem by increasing the dose of cortisone just before the operation. The anesthetist is alerted

to look for signs of adrenal failure and to give more cortisone during the operation if such signs appear.

A skillful modern surgical team can pull you through an operation which is essential to your well being although the amount of cortisone needed may be much more than you are taking from day to day.

Q—Recently I heard about surgical planing of the skin. It is supposed to be a great aid for pitted skin. I have enlarged and clogged pores and tiny ruptured blood vessels in my cheeks. Is this process safe and would it be helpful for my condition? Is it very expensive?

A—The process you mention is safe in the hands of an experienced plastic surgeon and improves the appearance of persons with deeply pitted skin due to smallpox or acne. It would be less effective for the condition you describe. As for the expense of any operation that is not an emergency, this is a matter that should be brought up and discussed frankly with the surgeon. Usually a mutually satisfactory arrangement can be made even by a person with limited means.

Q—What is the cause of black and blue marks and what can be done about them?

A—Whenever anything, usually a blow or a fall, causes a small blood vessel under the skin to break, some blood escapes into the tissues. Like the blood in the veins, it loses or has lost most of its dissolved oxygen and takes on a deep blue color. As healing takes place this blood is broken down and absorbed and the black and blue becomes a pale greenish yellow.

It usually takes 10 to 12 days for the black and blue area to return to its normal color and as a rule nothing need be done for it.

If however it is on the face and it is very important to hide it, cosmetic preparations are available in drug stores and beauty shops that can be applied.

Q—I am a 36-year-old woman in good general health. I have a network of tiny veins around my nose and cheeks. Although I am a teetotaler, I look like a heavy drinker. This is embarrassing to me. What can I do?

A—Although some alcoholics develop the superficial dilated veins you describe, alcoholism is not the cause. Knowing this should relieve at least some of your embarrassment. In some persons the tendency to develop these veins is inherited. A skin specialist may be able to get rid of them for you with the use of an electric needle.

Kelm, Hempstead Win Decorating Contest In Lisbon

LISBON — Winners in the Christmas home decorating contest were announced Friday by James L. McBride, president of the Kiwanis Club and chairman of an interclub committee sponsoring the contest.

First-place prizes of \$20 each went to the Robert Kelm home, W. Lincoln Way, best religious display; and to the Ray Hempstead residence, Sunset Drive, best general display.

The \$10 first prize for the best doorway went to Rev. William D. Brown, Methodist pastor, for the entrance to the parsonage on E. High St.

Displays were judged by a team from Salem, Kiwanis, Rotary, Lions, Ruritan and Jaycees contributed funds for the contest.

Fireworks Banned Near Berlin Wall

BERLIN (AP)—Police on both sides of the Communist wall are trying to discourage the old German custom of blazing away with fireworks on New Year's Eve.

Exploding firecrackers sound like gunfire and could be mistaken for the flareup of a border incident; rocket bursts look like flames that the East Germans fire when escape attempts are made.

So the East Germans have banned fireworks anywhere within about 100 yards of the wall. The West Berlin police have barred fireworks anywhere.

But they made the same rules last year, and firecrackers were banging and rockets were bursting all over the city.

Lisbon Kiwanians Honor Dr. Steele

LISBON — The Kiwanis Club program Thursday was a surprise in honor of Dr. J. F. Steele, retired Lisbon dentist. He is the only living charter member of the Lisbon club, founded in 1921.

Atty. George Laflerty presented the program. He reviewed events in the dentist's career and emphasized his role as a coach of Lisbon football teams from 1901 to 1915.

The average home contains 20 to 25 electric motors.

Part of the Sting Removed From Expense Account Rule

WASHINGTON (AP) — Some of the sting is gone from the new revenue rules on expense accounts but taxpayers must wait until February for final word on what they can deduct for business travel, entertainment and gift-giving.

Internal Revenue Commissioner Mortimer M. Caplin announced Thursday night revised standards for keeping records in the government's drive to raise an additional \$100 million or more by putting a tax clamp on expense account living.

The changes softened in several places the regulations Caplin originally proposed last month. Those regulations set off screams from coast to coast. Businessmen insisted they'd never be able to stay even with the paper work and argued a cutback in spending on travel, dining, wining and theater-going would hurt the economy.

For one thing, the new rules lift from \$10 to \$25 the amount that can be spent in one shot—such as playing host at dinner for prospective clients—without requiring a receipt.

The modified regulations apply only to keeping expense records to back up claims for business

travel and entertainment deductions. The government still must clarify such questions as to what constitutes a business dinner for clients and whether the host can deduct his wife's share of the tab if she goes along. It also must define "lavish" personal outlays—putting down too fancy a liquor bill, for instance, or hiring a plane instead of going by train.

Caplin said all this will be done in February.

Caplin described the new record-keeping rules as "reasonable and practical," the type observed for years by prudent men and companies. Yet, he said, "they will go far to eliminate expense account abuses."

Only about 10 per cent of taxpayers claim these deductions, Caplin said. The crackdown, he added, "merely puts one element of our society on a parity with the other 90 per cent."

Caplin said the government would allow a month for businessmen to familiarize themselves with the revised regulations, which take effect Jan. 1. Revenue agents are being instructed to observe reasonable tolerances in applying them to expenses incurred in January.

WHITE NEW YEAR Each new year is like a new-fallen snow — unmarked until errant footsteps destroy its gleaming splendor. But short-lived is that spell of peace and perfection. Soon the newness is trampled out, the same old trails show themselves again.

YEAR Tearing the last page off the calendar can change the year. But, it cannot change the MAN. We'll make of each new year just what we have made of the old ones — unless we direct our lives anew toward God and neighbor, unless we re-evaluate destiny and self.

In this New Year don't expect a blanket of perfection to hide the old failures. But seek the better Way. The Church helps men discover new trails . . . and follow them with new hope . . . to a new vision of life.

Castro May Be Learning

It continues to be a good bet if the odds are long that Fidel Castro will seek refuge in the United States one day, along with the thousands of Cubans who have fled from his regime.

The question of whether or not the Cuban premier was a confirmed Communist from the beginning is still not closed, despite Castro's own declaration that everything turned out the way he planned it.

But whether Castro took over Cuba and then the Communists took over Castro, or whether the Communists took over Cuba with Castro as their agent is going to be of no importance if the Communists ditch him. When it happens, his past history and current status will have no bearing on his case. It is not his historic destiny to be around much longer.

HE LEARNED in the Russian missile-bomber fiasco how quickly and drastically the Kremlin can change its mind and how little bearing his own wion nt hadsetehm little bearing his own wishes had on the decision.

The most recent report has Russians and their families leaving Cuba en masse. Apparently the "technicians" are following their millies and bombers home. Cuba is

being written off, if the evidence can be believed.

Perhaps all this is being done with the approval of the Cuban premier. It may have no connection with the long visit of Deputy Premier Mikoyan, when it was speculated that the No. 1 trouble-shooter might be having trouble with the No. 1 Latin American agitator. It is possible Castro planned it this way.

But it may mark the beginning of a rug-jerking that will topple Fidel Castro and his cronies into historic oblivion, making room for a new set of opportunists who will gladly do the bidding of people stronger than they are, for the reward of holding a short-term lease on power.

CASTRO MAY BE learning.

There are no old acquaintances among Communist stooges, just old memories about them before the rug was jerked and they were toppled into oblivion.

Castro had better make his Miami Beach hotel reservation well in advance of the hasty departure he will be making from Havana if he is lucky enough to get out alive.

His time is growing short.

Does Anyone Thank Them?

When it's all over and gratitude is being expressed, something special needs to be said about Christmas music.

We remember how it used to be when we were grateful to local music-makers who sang outside our windows and in church. They made Christmas merry. They made it beautiful. They made it solemn.

When radio came on the scene, our musical experience broadened out. We heard music from distant cathedrals. We heard the world's finest vocalists and instrumentalists.

Then came television.

We saw the music-makers. Increasingly, as color television develops, we are seeing them in color.

Each Christmas, our gratification increases as the producers and artists of the medium learn how to perform greater wonders.

We can sit in the comfort of our homes and enjoy presentations that would have been beyond the means of the most powerful and wealthiest potentates of old.

Television's Christmas shows have been getting better year by year. They were never better than they were this year.

Does anyone thank the talented people who make so much enjoyment possible for so many millions of their countrymen? Money alone couldn't do it. They give their artistry to the Christmas shows in full measure.

It's appreciated.

The Picture Is Never Bright

The theme of J. Edgar Hoover's annual reports about the Federal Bureau of Investigation is unvarying. Conditions are going from bad to worse.

All the old crimes and menaces were still with us in 1960, but in increasing volume. The FBI encountered a whopping 25 per cent increase in bank robberies and thefts in 1961.

In 1961, Mr. Hoover stressed an "astounding" upsurge of crime in general — during 1960 — up 14 per cent over 1959 and 98 per cent over 1950.

In 1960, his report for 1959 pinpointed "an alarming number of Soviet and satellite diplomatic personnel with intelligence assignments in the United States." Mr. Hoover reminded his countrymen that the Communist party still was the largest U.S. subversive organization and had strengthened its ties with the Soviet Union and Cuban Communists.

IN 1959, his report for 1958 pointed out that arrests of persons under 18 for serious crimes had risen 8.1 per cent over the previous year, whereas arrests of persons over 18 had gone up only 1.8 per cent.

Of the seven most serious crimes — murder, forcible rape, robbery, aggravated assault, burglary, larceny over \$50 and auto theft the largest increase had been in forcible rape — 13 per cent.

The picture Mr. Hoover sees never can be bright; the nature of FBI work makes gloom a certainty. Added to the basic gloom is the special cloud of despair that can be counted on year by year to hang over whichever dark

statistic is chosen for special attention.

This year it is an increase in bank robbing and theiving in 1961. However predictable crime is and it is nearly as predictable as the accident rate, there always will be these dramatic variations within the overall predictability.

WHAT IS necessary in both cases is a way to relate the absolute statistic to the relative statistic.

Is crime increasing faster than it could have been expected to increase?

Is the FBI failing because of the increase? Does Mr. Hoover think of himself and his remarkable agency disparagingly because crime statistics always grow and never decline?

If pressed, wouldn't he agree with the rest of us, who think the FBI is one of the most successful of all federal agencies despite the fact it gets busier and bigger year by year as the nation grows in all ways, including the bad ones?

The new bride may worship the ground her husband walks on, but what if he takes up golf come spring?

By Truman Twill

Dear Nephew: Every Christmas we get a letter from you wondering if things were as purely wonderful in your boyhood as you think they were.

They were. You can quit wondering. We were there and witnessed the whole thing. Your childhood was wonderful from beginning to end.

It was uncomplicated.

It was just a little short of austere.

Every point of pleasure in it stuck up a mile high because no one was making sure you had a good time.

You were not underprivileged, though you would think you were underprivileged if you had to live the same way now.

You lived in a typical lower middle class environment. You had no one to envy and no one to hate. As you have told us, you never knew there was racial and religious prejudice until you grew up. You never saw any of it practiced around here. To this day, we're like some of those small New England towns where prejudice is unknown because nobody's afraid.

Christmas shopping was not a binge but a gesture of love and respect. It didn't matter what was given as a gift but it mattered that some gift be given. Your aunt and I can remember when a pen-wiper you made in school was as appreciated as if it had been an ermine wrap.

People listened to the bells ring on Christmas Eve. Our music was homemade. We sang our own carols. We popped our own popcorn and made our own candy.

It was a simple, logical, functional, no-frills way to live. No one who participated

in it could say his appetite was jaded or the world had lost its savor.

The present was livable and the best was yet to be better. We went in for plain living and high thinking. No one had thought of affluent living. Most of us were still finding it hard to believe America was achieving a rising standard of living.

The wonder of it all flabbergasted us.

If a kid got a pair of skates he hoped the pond would freeze solid; he didn't expect a skating rink.

And speaking of skates, I recall you always wanted shoe skates and never got any because the price put them beyond reach. You had to make do with clamp-on skates and nobody could make them stay on shoes with wet soles.

Your mellowing auntie and I can remember when the biggest thing a kid expected at Christmas was an orange in the toe of his stocking. Yet today I hear about kids who think they've been short-changed on the affluent life if they get a middle-price bike instead of the de luxe model.

That's what made your boyhood seem wonderful. It truly was wonderful. America had learned how to live well but had not sated its appetite. It was the difference between sitting down to Christmas dinner and wondering afterward if there's room for Christmas pudding.

We'll arrive according to plan and don't bother with the step stool for the angel on the top of the tree. I'll fly up there and put her in place. I'm a Christmas Eve astronaut. Whee.

Income Tax 'Expense Account' Rule May Backfire

By DAVID LAWRENCE

The U.S. Treasury may rue the day it ever mentioned the idea of keeping an "expense-account diary." For, judging by the talk that's being

David Lawrence now will avail himself of every

tax deduction to which he is entitled.

The revenue derived from the carelessness of the citizen in failing to claim legally specified deductions is probably far larger than the amounts that have been lost annually to the Treasury by improper expense-account claims.

Thus, government officials said this week that the Treasury is hoping to collect only about \$100 million a year more in revenue than before by being strict on expense accounts. But if the citizens start claiming every legal deduction and start keeping records of the amounts they pay out

in sales taxes alone, it could cost the Treasury many millions of dollars.

Some idea of the huge amounts involved can be inferred from the fact that, in 1960, the states collected \$18 billion and the counties and cities \$18.1 billion in taxes of all kinds. This totals \$36.1 billion in taxes which are generally deductible on federal tax returns. Yet all the deductions claimed by individuals for these taxes added up to only \$10.5 billion.

Now, there are no comparable figures as to what corporations or businesses claimed as deduc-

tions just for state and local tax payments, but their deductions for all taxes, including some federal and foreign taxes, added up to \$192 billion in 1960.

THE DISCREPANCY, it would seem, could therefore amount to several billions of dollars which could be legally deducted by both individuals and businesses.

It also seems probable that, while businesses are claiming deductions for sales taxes, individuals are not. Many taxpayers are not aware that they have a right to deduct on their federal income taxes every penny of state or local sales tax that they pay at the stores in their communities. They are unaware also of the fact that state income taxes, real estate taxes, state taxes on gasoline and cigarettes, automobile licenses, municipal utility taxes and a number of other taxes are deductible.

Similarly, in the field of medical and dental expenses and interest on installment loans and other debts, the public seems unaware that tax deductions are permissible.

It isn't generally realized, either, that donations to all charitable and religious organizations—including what is put in the collection plate in church on Sunday—may be deducted in figuring the federal income tax. Few people know that losses due to theft or accident and any accidental damage to property—such as damage caused by storms, floods or freezes—are deductible items for the taxpayer to the extent that they are not covered entirely by insurance.

MANY CITIZENS do a good job of itemizing their deductions, but some persons take the easy way by lumping everything in a "standard deduction" just because they don't want to take the trouble to make itemized returns. There is a trend, however, toward itemization on income tax returns. In 1960, approximately 46 per cent of the taxpayers listed

their deductions, whereas in 1950 only 23 per cent did.

With the Treasury publicizing the idea of an expense-account diary to be kept in one's pocket, however, there will be a handy way every moment of the day to keep a record of legitimate expenses that are deductible on federal income taxes.

Maybe when all the tax deductions are added up, the Treasury will wish it had never made such a fuss about expense accounts and had centered its attention instead on ferreting out those who were really cheating. Checking expense-account items is likely to be a big headache and may easily cost the government more than it takes in as a result of the new check-up.

One thing is clear — millions of citizens do not know that, by reason of their carelessness in keeping track of deductible expenses, they are depriving themselves of tax deductions that are, in effect, donating big sums to the federal government.

Mail Service Complaint

My husband had to make a special trip to the Post Office to get a COD package because the mail carrier didn't want to drive down our 150-yard long lane to deliver it.

With postal rates soon to go up, are we going to get better service? I don't believe they should increase the price of stamps.

History Today

Today is Saturday, Dec. 29, the 363rd day of 1962.

There are two days left in the year.

Today's highlight in history:

On this day in 1890, Gen. Nelson Miles led 900 U.S. cavalrymen to victory over 3,000 Sioux Indians under Chief Big Foot. The engagement, known as the Battle of Wounded Knee, was fought in South Dakota.

On this day: In 1778, the settlement of Savannah, Georgia, was captured by the British Redcoats.

In 1848, gas lights were installed in the White House.

In 1934, Japan denounced the Washington Naval Treaty of 1922.

In 1941, bomb-ravaged London suffered from its greatest catastrophe since the great fire of 1666.

Today's birthdays: Mexican painter David Siqueiros is 66. Former heavyweight boxing champion Jess Willard is 79.

It's easy enough to shake hands and smile when meeting someone, but imagine summoning tears as a salutation. Among several primitive people highly ceremonious weeping is performed when two people meet. If there has been a long absence, then, with lamentations, the people review the friends who have died in the meantime.

The Frontier Strategy

By RAYMOND MOLEY

So much discussion has been provoked by the Stewart Alsop-Charles Bartlett article in the Saturday Evening Post about the Cuban crisis that an article in the previous edition of that magazine by Stewart Alsop has been all but forgotten. But it raises not only the same question about government news management but even more serious issues of method and policy.

The President in his press conference disclaimed responsibility for what his "old friends," Alsop and Bartlett, wrote. But he cannot well disclaim this one, because it is based upon lengthy quotations from Defense Secretary McNamara. And it came at a time when Arthur Sylvester, speaking for the Defense Department, was saying that it was an administration plan to influence foreign policy through news management.

"Information," said Sylvester, "is power." It also came at a time when there were severe restrictions on normal contacts between the press and Defense and State Department officials.

In the McNamara article Alsop says that when the new defense secretary entered office he surrounded himself with a group of "intellectuals." These were individuals with skills in industry and academic life. Thus, a general or admiral is not an "intellectual." McNamara is the super "intellectual."

THESE CIVILIANS decided, according to the article, that Eisenhower war strategy of "massive retaliation" in case of a Soviet attack was not a plan but a "horrible spasm." And so they have created a new plan, described as the "Doctrine of Controlled Response."

This would provide a series of "options" in case of a Communist attack. These would be arranged in a series of "buttons" for the President to press in case of attack. They would range from a war with conventional weapons to an all-out nuclear devastation of Communist cities and military installations.

The favored alternative would be an American response which would hit no cities but only military targets. Thus, after we had sustained the first blast we would destroy the capability of the Soviet to launch another. But such a survival would depend upon a vast system of shelters for our population.

This disclosure of our plans may well be intended to suggest to the Soviet leaders that they should consider a war in which they would limit their attack to our military establishments and spare our civilian population. This is called a "no-city" attack. Thus, this article would be a step in long-range, indirect negotiation.

I am not sufficiently versed in military affairs to venture a judgment as to the wisdom of this plan of the "intellectuals." But a number of observations seem to be in order.

THE ADMINISTRATION seems to have adopted and announced a type of strategy created by people who have had no military experience prior to the coming of this administration. McNamara himself was selected, we may assume, because he had experience to qualify him to be a top production manager, responsible for buying military hardware of the best quality at the least cost.

Certainly, we have no reason to believe him to be a Napoleon, a

Hodges. He's just been to the South Pole. He lived under ice there. He went in at McMurdo Sound. This was no lark. He wanted to be with scientists dispatched to the Antarctic by his department.

And because Luther Hodges, 64-year-old dean of the Cabinet gets off his swivel chair and flies into the desperate heat of the Orient and the deep freeze of the Pole, in the interests of his fellow men, quietly, unassuming, self-effacingly, he's my Cabinet member of the year for '63.

It was 38 degrees below zero when he arrived at the South Pole station. He had come a long way. The icecap was part of his 13-nation, 32-day trip to "sell" the U.S. And it was a hard sell, too.

He was promoting two-way investment, two-way trade, two-way travel.

THIS WAS a long way to go for a chap born on a tenant farm in

Pittsylvania County, Va. Before dropping in on the Pole, Hodges had talked to President Sukarno of Indonesia, no lover of capitalism; America; and to Prime Minister Nehru, no enemy of neutrality; and to President Nasser of Egypt, the sand lot neo-Socialist.

During the trip, which dended on Dec. 8, Hodges argued diplomatically but firmly in foreign lands that some of their businessmen could do better than putting their money in Swiss banks. They could invest and set up businesses in the United States. This would make money for them and jobs for our people.

In Japan he explained to businessmen how they could make a profit by manufacturing in the U.S. Typical of his breaking the barrier was his success in convincing Sekisui Chemical of Osaka to set up a plant in the U.S. The firm has decided to create a subsidiary, the Sekisui Plastics Co. It will operate in Eastern Pennsylvania.

When it gets into the production of polyesterene, a foam which has many industrial uses, the plant will create 100 new jobs for unemployed Americans. We can use these jobs — especially in that corner of Pennsylvania.

THE JAPANESE thus will be creating jobs here in the States, which will be a welcome change. Mr. Hodges is a great devotee of the principle of gold flowing into the country as well as out.

Thus he has set up permanent

trade centers in Bangkok, Frankfurt and London. In the past, U. S. fairs have been mostly propaganda ventures set up by the United States Information Service. Now Hodges has a hard-sell network going — interested in getting orders from abroad.

If these are successful, tens of thousands of American jobs can be secured. Typical of what can be done is the new International General Electric sale of \$91.5 million worth of electric utility equipment to the Chubu Electric Power Co. for a thermal power plant at Owase, on the shore of the Kii Peninsula southwest of Nagoya; and to the Tokyo Electric Power Co.

SUCH ORDERS create business not only for the GE turbine plant in Schenectady; but for GE installations in West Lynn, Mass., (instruments); Chamblee, Ga. (switchgear); Fitchburg, Mass. (turbine drives); Philadelphia (switchgear); Phoenix (computers); San Jose (motors). This is within the GE domestic network. Of course, a great many of the dollars are being spent with other domestic suppliers in other cities.

In addition to two-way investment and two-way trade, Mr. Hodges believes in two-way travel.

For the first time the U.S. now has permanent Travel Service headquarters in Tokyo; Sidney, Australia; and Paris. Since these were set up in June, 1961 there has been an 18 per cent increase in foreign visitors to the U.S. — and they brought cash with them. Gold flowing in.

Luther Hodges creates jobs in the U.S. on another front. He directs the Area Redevelopment Ad-

Muir Jr. officiated at the double ring ceremony.

For her wedding, the bride wore a sheath dress of winter white lace over satin boasting a jewel neckline and wrist-length sleeves. She complemented her costume with a corsage of red roses.

The mother of the bridegroom was matron of honor and wore a sheath dress of blue satin. Airman 3.C. Harry D. Ripley of Slippery Rock, Pa., was best man.

The bride was formerly employed by the Salem Board of Education in the Senior High School library.

Mr. Black is a jet engine mechanic and is in the Air Force, stationed at Carswell Air Force Base at Fort Worth.

The couple are residing at 4702 Barbara Road, Fort Worth 14, Texas.

Dinner, Party Held By 2 Local Clubs

Mr. and Mrs. Santa Claus (Mrs. George Holmes and Mrs. Jack Porter) presided at the gift exchange when members of the Fifth Wheel Club were guests of the Welcome Wagon Club at a Christmas dinner and party recently at the Country Kitchen Restaurant.

A white nylon Christmas tree was the focal point of table decorations which were comprised of pine, lighted candles and cones. Mrs. Robert D. Hamilton was chairman of the decoration committee.

Preceding the dinner Mrs. James Fowler and Mrs. Russell Saylor presided at the punch bowl.

Gifts were presented Mrs. Harry Tietjen, president of the Fifth Wheel Club, and Mrs. Vesta King, Welcome Wagon hostess.

Mrs. Marilyn Dillon was mistress of ceremonies for the program which consisted of several short skits, readings and carol singing by the group. Mrs. James Fowler was program chairman.

It was announced that Mrs. Sam Brown and Mrs. Glenn Clayton delivered the Christmas baskets. Mrs. Richard Amon and Mrs. James Goarrod assisted in gathering items for the baskets.

A board meeting will be held at 8:30 Wednesday in the home of Mrs. Richard Amon of Perry St.

"To burn the candle at both ends" is an English phrase that has been familiar since the 17th century.

Hints From

Heloise

By HELOISE CRUSE

Dear Friends: How beautiful Christmas and the holidays are . . . but aren't we glad that it only comes once a year? And won't it be wonderful to have the house in order again?

You know and I know that each year when we take down the tree we are so happy to get rid of the "stuff" that we just throw it in boxes. Don't this year!

Usually there is one string of lights on the tree that quit working and we didn't bother to find "which" bulb it was and cared less . . . so when we take our tree down we just throw all the decorations in a box and tell ourselves that we will worry about it next year.

BUT WHAT happens? Usually next year we only need one or two more lights to complete the string. Test 'em NOW! Remove one string of lights from your tree and lay it on the floor. Before you pack them away, test each light on this one string and see if it works!

Throw all those bad lights away. NOW is the time to buy light bulbs and tinsel! They are on sale! Watch for bargains. This is what saves us money when it comes to budgeting. One can buy beautiful boxes of decorations this time of year.

When you pack your bulbs away . . . discard the broken ones. This IS the only way to make sure you'll get new ones. I know! I have been married over 20 years!

Next year when you put up your tree, catch your husband in the mood and show him that your tree is skippy. Then he will buy more lights, bulbs and decorations. NEVER go to buy these alone. Always take your husband with you! He is the one who spends on this sort of thing.

DON'T FORGET to save your prettiest Christmas cards. Save them for next year. When you are mailing packages . . . instead of that expensive ribbon, cut out the beautiful pictures from these cards and paste them on the gifts.

Right now, you are probably glad that Christmas is over and perhaps you can't remember how much all those wrappings cost! All you want is your home in order. But . . . cards take so little space. Save 'em and see how much money you will save next year.

I have also found that if you put a soiled sheet under the tree before you begin to take any decorations down . . . that this saves much energy. The needles from the tree are bound to fall and you will drop the little hooks that held the balls, and even the catches all of this litter.

BY PLACING a sheet under the tree after you have finished removing decorations you can just take the sheet to the garbage can and empty it there. Another

way to do this is spread newspapers on a floor. Then roll them up with the litter inside and discard them.

And don't forget the beautiful Christmas wrappings. These can be used later to line bureau drawers. Save all the big pieces until you get in the mood for this job later.

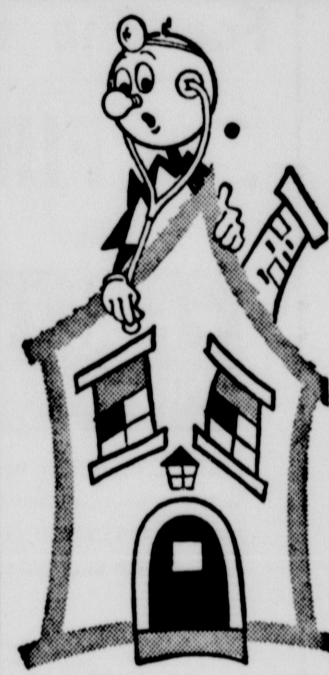

Happy New Year!
HELOISE.

Determined Salem Cagers Whip Akron North 89-72

Girard, Akron East Here Next Week

By MARK W. MILLER
News Sports Editor

Speed, sharp shooting, the press and determination were the ingredients Salem used as it smothered Akron North 89-72 at the Senior High gymnasium Friday night.

The Quakers can now start the new year on the winning side of the ledger with a 3-2 record. Coach John Cabas and his fast-improving basketball team will entertain Girard and Akron East here next weekend.

Another big crowd watched as Salem humbled its taller opponent with a devastating attack. The Red and Black broke the contest wide open with a 29-point scoring barrage in the second period.

Akron North took a 3-0 lead in the first two minutes of play but Salem retaliated to deadlock the score at 6-6 with 2:35 left in the first frame.

BOB KING of Salem dropped in a pair of foul shots to tie the tilt, then Bill Beery connected for two baskets to put the Quakers ahead to stay.

For the second time this season all five Salem starters scored in double figures. The Quakers first turned the trick, when they turned back Canton Timken 79-65 Dec. 15.

Three players on Akron North's aggregation also made the scoring column with double figures.

The Vikings took more shots from the field, but many of their attempts never even reached the rim of the hoop.

King and Beery were demons on both boards. The two seniors pulled down a total of 35 re-

bounds. Rick Platt, only 5-9, out-hustled the taller Vikings enough times to grab his share. He cleared the boards nine times.

IN THE EARLY minutes of the fray, it looked like North would give Salem all the basketball it could handle. The Vikings were running fast and swishing the nets with uncanny shots for a quick lead.

But the Cabasmen, not to be denied, turned to its own blazing fast break, and employed the "karate press" defensively and before the Vikings could recover from the clever maneuvers, Salem had rolled to a commanding lead.

The Red and Black took an 18-10 lead by the end of the initial period, poured it on in the second session, scoring 29 points for a 47-28 margin at intermission, and held a 71-47 spread at the conclusion of the third stanza.

During the first half King, who played his best game so far this campaign, was the workhorse. He scored 12 points and cleared the boards of 16 rebounds. He had a total of 23 rebounds to his credit when he left the fray with 3:48 remaining in the game.

The Salem defense made Akron North make numerous mistakes in the first half. The Vikings had a half dozen turnovers and a like number of bad passes.

AKRON NORTH caused Salem to make several ball-handling errors, too. The Quakers had the basketball stolen from them at least six times during the contest. The Red and Black had only four obvious turnovers and bad passes.

From the field Salem attempted 81 shots and swished the nets 38 times for 46.9 per cent. At the foul line the Quakers didn't fair as well, sinking only 13 of 25 free throws for 52 per cent.

Coach Robert White's North team tried 88 shots and made 31 for 36 per cent. The Vikings Tossed in 10 of 19 free throws for 52.6 per cent.

Beery took scoring honors for the Quakers with 28 points. It was the third time in five frays that the three-year veteran had scored more than 20.

King chipped in with 18, Platt collected 14, Marlin Waller made 13 and Rich Sweitzer had 10.

WITH 3:48 LEFT in the final period, Cabas substituted his second unit. The reserves made an excellent account of themselves as they held their own with the more experienced North varsity.

Don White, son of the Vikings' coach, paced the losers with 21 markers. Ronnie Collins and Harvey Lucas chipped in with 18 points each.

The loss left Akron North with a 3-2 mark.

Salem Reserves Grab First Win

Rumor has it that Salem will be lucky if it can make a two-point basket next season. Perhaps the Quakers' junior varsity got wind of the loose talk, because they went out and won their first of the 1962-63 campaign here last night.

Coach Karl Zellers' aggregation completely outclassed the Akron North 59-47.

The Vikings started James Stock, a 6-6 sophomore who fouled out of the game in the fourth stanza.

Salem's JV's used the same firebrand of basketball the varsity used to humble their taller opponents.

The Red and Black raced to a 10-point lead in the initial period 16-6, held a 25-20 margin at intermission and had a 44-35 spread at the conclusion of the third stanza.

The Quaker Reserves canned 20 of 47 field goal attempts and cashed in on 19 of 40 foul shots. Akron North connected on 18 of 56 from the field and 11 of 17 from the free throw lane.

George Begalla took scoring honors for Salem with 19 points. Wayne Washington chipped in with nine. Richard Thomas led the Vikings with 14 markers. Stock had 13.

West Branch Rips Louisville

Warriors Romp to Fifth Straight Win

Dazzling Dick Wallace zipped in 30 points to lead his West Branch Warriors to a stunning 66-42 basketball conquest of Louisville Friday night in the Leopards' lair.

Wallace made good on 11 field goals and eight free tosses to tally almost half of his team's total as West Branch rolled to its fifth straight win. Luckless Louisville went down to their third defeat of the season.

The Warriors were never headed as they lost the Leopards in a maze of court finesse, leading the Stark Countians 42-23 at halftime after jumping off to a sudden 16-7 advantage in the first stanza.

Grim, Sharp and Hendricks abetted the Warrior cause by netting 12, 11 and 8 points, respectively. Louisville's all-round athlete Bob Bardash paced the Leopards with 11 points.

West Branch pasted the backboards, hitting on 27 of 77 field goals for 35 per cent and made 12 of 18 free throws for a 67 per cent average. Louisville completed a fourth of their 63 field goal attempts and made good on 10 of 23 free throws.

West Branch will be challenged next Friday night by Lakeview of Trumbull County at Beloit in a tune-up for a major battle the following night with the Alliance Aviators in the Stark Countians' gym.

Louisville will take on Tri-County League foes Minerva and the tough Lisbon Blue Devils next weekend.

Gary Barber scored 12 points in the last half of the Reserve game last night to let West Branch eke out a 38-37 come-from-behind decision over the Leopards Reserves.

Greenford Dumps Sebring for Fifth

Hosts Led 22-12 at the Quarter Post

Greenford, displaying a smooth-working offense and a stingy defense, notched their fifth win in six appearances Friday night as they rolled past the visiting Sebring Trojans 71-57.

Bob Cook and Frank Hufmann combined for 37 of the victors' tallies as Hufmann banged in eight floor shots and four charity tosses for 20 while Cook chipped in with 17 counters, hitting on eight goals and one free throw. Both are 6-3 seniors. Dave Tio added 11 points for Greenford.

Three Trojan cagers hit in double figures. Bob Akenhead and Ken Schneider tossed in 14 each with Rick Burns and Stan Partis chipping in with 12 and 11, respectively.

The Bobcats had little trouble in handing the visitors their fourth loss in five appearances.

The hosts led 22-12 at the quarter post; held a 38-20 halftime advantage and entered the final eight minutes of play on the right end of a 52-37 score.

In preliminary action the Bobcat cubs defeated the junior trojans 45-40.

Greenford will be back in action next Friday when they entertain the Indians of Salineville. Sebring will also be at home next Friday, playing host to the Pol-and Bulldogs in a Tri-County loop encounter.

United Posts 57-55 Win Over Beaver Local

In a nip-n-tuck game all the way, United Local's Golden Eagles edged the Beavers of Beaver Local 57-55 in action Friday night on the Beaver Local hardwoods.

Larry Joseph's Golden Eagles posted their second victory win in seven attempts while the loss was the Beavers' fourth in five outings.

United moved to an 18-15 lead at the end of the first canto and led by just two points (31-29) at halftime. They retained their two point margin and were in front 49-47 at the end of the third canto.

Ken Votaw led the Beavers' attack as he swished the nets for 13 counters while Bill McGranahan and Joe Reeves each tallied 12 points. George Gaydos and Dennis Horger were high for the losers with 17 each. Beaver Local attained the win at the free-throw line as they hooped 19 of 38 attempts while United cashed in on 9 of 12 from the charity line.

A 30-foot push shot by United's Dennis Horger just as the final buzzer sounded brought the crowd to its feet. Noting the clock showed just two seconds remaining in the contest, Horger fired. The ball hit the rim, rolled around and fell out, giving the Beavers the victory.

In action next Friday Beaver Local will travel to Carrollton and United Local will entertain Malvern.

Packers Still Favored By TD

NFL Championship Contest Is Sunday

Associated Press Sports Writer
NEW YORK (AP)—Green Bay remains a one-touchdown favorite over the New York Giants in Sunday's National Football League title game with a chance of a heavy field at Yankee Stadium.

The weatherman's revised forecast called for a chance of snow, mixed with rain tonight, rain Sunday morning and partial clearing in the afternoon. The field, covered against the weather, was firm for the two clubs' final drills today.

Vince Lombardi, coach of the defending champion Packers, said Paul Hornung's injured knee was "perfect" but hedged when asked if he would start the Golden Boy of 1961 at halfback.

"I'll know better about that Sunday," said Lombardi Friday night in a mass interview at press headquarters. "The other boy (Tom Moore) has been playing well, too. It all depends on how he (Hornung) feels and how I feel Sunday morning."

Lombardi said Jerry Kramer, who took over the placement and field goal kicking jobs after Hornung's knee was injured in mid-season, would continue. Hornung has been kicking this week in practice at Green Bay but Lombardi said he was not kicking well. Either Kramer or Willie Wood will kick off for the Packers.

Asked if he preferred mud or a dry field, Lombardi said, "I don't care."

In reply to the same type of question, Coach Allie Sherman of the Giants had said, "I don't care about the weather as long as it is dry and doesn't rain or sleet."

Most observers felt the Packers would gain a decided advantage in heavy going for their offense is based primarily on the power running of fullback Jim Taylor and Hornung or Moore behind the strong blocking of the offensive line, anchored by center Jim Ringe.

The Giants, on the other hand, are primarily a passing team. Y. A. Tittle, their bald quarterback, set a league record by throwing 33 touchdown passes and is primed for a superior effort to erase the memory of last year's 37-0 rout by the Packers when he had four passes intercepted.

The game, scheduled for 2 p.m., EST is a complete sellout with 64,891 fans paying a gross gate of \$615,596 plus another \$615,000 (NBC) rights and another \$17,500 for local radio and films bringing the over-all gross total close to \$1,250,000.

The game will be blacked out in a 75-mile area around New York, a decision backed up by a federal judge who refused, under heavy pressure, to order the blackout lifted.

Fans from the New York area were booking reservations in motels and taverns in the area outside the blackout. Some 5,500 fans were expected to see a closed circuit telecast in the New Haven Arena, where the league and network lost a move to stop the show.

Green Bay romped through the Western Conference with 10 straight victories before it came a cropper in Detroit Thanksgiving Day. The Packers wound up with a 13-1 record. The Giants won their last nine for a 12-2 record, bowing only to Cleveland in the opener and Pittsburgh in their fifth game.

Wellsville Dumps Blue Devils 72-47

Connecting on just better than one-fourth of their floor shots, the Lisbon Blue Devils' win streak was halted at four by the host

The tilt was originally slated as a Dec. 7 opener for both squads and, had the outcome been the same, the Devils would not have been the only undefeated team in the county this late in the season.

AS IT WAS, HOWEVER, the Lisbonites copped their first four encounters and got their campaign off to the fastest start since big Dean Nicholson and Co. played for the Blue and White in 1954. The victory was the third in four outings for Wellsville. The Bengals' lone setback was to Midland. They had posted wins over Beaver Local and East Liverpool going into last night's game.

Lisbon's wins were over West Branch, Minerva, Carrollton and United Local.

BIG 6-5 STEVE Baldwin was the point-getter; for the winners as he stuffed the basket with 10 floor shots for a total of 20 points while teammate Jim Powell added five buckets and a free throw for 11 counters.

Craig Pannier, who took a 16.3 points-per-game average into the contest, and Dave Rose were high for the losers with 12 points each. Larry McPherson had 10 for Lisbon.

LISBON JUMPED TO A 14-12 advantage at the quarter post but Wellsville rallied in the second canto and went into the locker room at halftime boasting a 34-23 lead. The score at the end of the third period showed the hosts in front 54-36.

In reserve action last night Wellsville's Jayvees dumped their Lisbon counterparts 48-38.

Both squads play home contests next Friday as Wellsville entertains Toronto and Lisbon is at home to Leetonia.

Columbiana Is Victorious In Clash With Canfield, 48-43

The Clippers of Columbiana and the Canfield Cardinals fought a tight, close defensive battle Friday night as the local aggregation edged the Mahoning team, 48-43, at the Clipper gym.

The high-charged Clippers held

Canfield's 6'6" star, Pete Ort, to five field goals for a total of 10 points, giving the lanky senior one of the poorest nights of his career.

The Cards weren't caught with their defenses down either as

Leetonia Clouts North Lima 55-41

Jon and Jay Holloway combined for 23 points to spark Leetonia to a 55-41 victory over North Lima in an independent basketball clash at Leetonia Friday night.

The victory, Leetonia's second, snapped a two game losing streak. The loss was the Zippers' seventh in a row.

Coach John Morey's aggregation took a 13-9 lead in the first period. Leetonia battled back to tie the score 24-24 at half time.

The tilt was still close at the end of the third session as the Bears held one point lead 35-34.

Coach Len Batcha's squad pulled away at the start of the fourth

trame with an eight point spurt to give Leetonia a 43-34 margin.

Jon Holloway collected 13 points for the Bears and Jay Holloway chipped in with 10 markers. Jim Perry took scoring honors for North Lima with 14 points. Rick Plasket collected 12.

Leetonia plays twice next weekend. The Bears travel to Lisbon Friday and entertain East Palestine Saturday.

North Lima will be host to Lowellville next Friday and to Greenford Saturday.

Ohio Colleges Split In Cage Holiday Tilts

By THE ASSOCIATED PRESS

It was a four-win, four-loss standoff between Ohio teams and outside opponents in holiday tournament basketball play around the nation Friday night.

The balance for the night tipped in favor of Buckeye when Dayton whipped Dartmouth 62-45 in the only non-tourney action.

Winners were Miami, 70-53 over Morris Harvey in the first round of the Alpine meet at Charleston, W. Va.; Bowling Green, 80-73 in consolation fare at the Quaker City tourney in Philadelphia, and Ohio Conference stalwarts Hiram and Mount Union in the Mounts' four-team event at Alliance. Hiram nipped Randolph-Macon 93-90 and Mount Union drubbed Wayneburg 60-44.

Losers were Xavier, 64-57 to Auburn in the first round of the Sugar Bowl Classic in New Orleans; Toledo, 58-55 to Arkansas in a consolation tilt in the All-College Tourney at Oklahoma City; Ohio Wesleyan, 73-68 to Lafayette in an opener of the Loyola Invitational at Baltimore, and Findlay, 77-72 to Franklin in the Indianapolis Classic.

In the interstate Ashland tournament, the host Eagles dumped Heidelberg 97-78 and Kenyon tripped Denison 45-41 in first rounders.

Miami broke open a nip-and-tuck battle in the second half to beat Morris Harvey behind Jeff Gehring's 21 points, moving the Redskins into the title game against Penn State. Gangling Nate Thurmond collected 30 markers as once-beaten Bowling Green conquered the Jaspers despite the fact Beegoe backcourt ace Butch Komives didn't play.

Xavier led undefeated Auburn 53-52 with 3:39 to play but fell behind, then lost on fouls—including two technicals called in the last minute for protesting officials' calls. Steve Thomas, gunning from long range, netted 27 Musketeer points.

Toledo led Arkansas 37-34 at the half, but the Porkers took a 50-48 lead then played a ball-control game the last seven minutes.

Ohio Wesleyan was another to blow an advantage. The Bishops, who got 30 points from Barry Clemens, led Lafayette 66-62 with 4:27 to play, then went into a freeze. It backfired as Gene Denham made three steals resulting in four Leopard baskets.

Dayton led Dartmouth only 26-24 at halftime, then swept nearly all the rebounds in the second half and romped away.

At Alliance, Bill Meyers scored 29 points, Ken Rowen 25 and Terry Brown 25 as Hiram beat the Virginia invaders in a race-horse game. Mount Union found Wayneburg a soft touch in the nightcap.

At Ashland, the host school lived up to its favorite's role to retain the crown it won in its 1959 and 1961 tournaments. Larry Augler scored 29 points and little Boze Johnson 27 to lead the Eagles past Heidelberg. Kenyon-Denison was close all the way before the Lords prevailed.

Gator Bowl Grid Clash Will Be On Television

JACKSONVILLE, Fla. (AP) — Penn State is aiming for a fourth straight post-season victory against Florida in the Gator Bowl football game today and is a solid favorite to accomplish that mission.

A sellout crowd of 50,000 plus a national television audience (CBS, 1:45 p.m., EST) were set to watch this 18th edition of the classic pitting the two-time Eastern champions against the unpredictable Florida Gators (6-4) of the Southeastern Conference.

Led by All-America end Dave Robinson and a host of professional draft plums, the Nittany Lions of Coach Rip Engle had the best record (9-1) and most solid November stretch run of any of his 13 clubs at University Park, Pa.

Engle insisted delays by weather and a wild plane ride here never permitted him to whip the squad back into its November form. At the Florida camp, Coach Ray Graves thought his Gators were as ready as they could be.

Matter of Fact

Chop suey is from Chinese words, although the dish was concocted and given its name in the United States. The name is true of chili con carne which is not Mexican at all. These dishes, and undoubtedly others, were first developed in this country and then adopted by the countries in which they were supposed to have originated.

JFK Confers With Director

Finishing Touches Put on '64 Budget

By FRANK CORMIER
PALM BEACH, Fla. (AP) — President Kennedy has sent his new budget director back to Washington to put the finishing touches on the bulky document after three days of policy talks at the holiday White House.
Kermit Gordon, sworn in Friday as chief overseer of the federal purse strings, flew back to Washington after dusk following a 90 minute conference with Kennedy.
Before departure, Gordon said some changes might yet be made in the budget for the 1964 fiscal year that begins next July 1.
It was apparent, however, that most of the key question marks were disposed of in meetings this week on tax cut plans, military spending, and legislative proposals involving aid to education and medical care for aged through Social Security.
The Kennedy-Gordon session Friday night was focused on the administration's 1963 legislative program and its effect on the forthcoming budget. Sitting in on the talks were Elmer Staats, deputy budget director, and Lawrence F. O'Brien, a key presidential adviser on congressional relations.
With this meeting, Kennedy cleared the decks of all announced appointments until after the New Year's holiday. However, the chief executive had a date today in Miami with survivors of the disastrous Cuban invasion of April 1961. Kennedy and his wife, Jacqueline, were to fly to Miami to watch the Cubans pass in review in that city's Orange Bowl stadium.

Kensington Driver Cited After Mishap

James H. Pitts, 16, of RD 1, Kensington, was cited for driving left of center after his auto collided Friday at 5 p.m. with another rounding a curve on Route 64, about 4 miles northwest of Salineville.
The state highway patrol said Pitts crossed the center line on the curve and struck an auto driven by Dave F. Sutton, 23, of Whitacre Ave., Minerva. Neither driver was injured.

Rogers Council OKs Purchase Of New Signal Light

ROGERS — Village council, convening Friday night for its final session of 1962, approved payment of bills totaling \$400 and agreed on the purchase of improved traffic and police car lighting fixtures.
The group voted to buy a two-part red light for installation as soon as possible at the intersection of Routes 7 and 154, scene of some of the county's worst highway mishaps.

Authorization was granted Mayor Robert McCleary to travel to Ravenna today to buy the light from the P. H. Frank Co. at a cost of \$285.

The danger spot has a single traffic light now, but the new light will have two sections, one to be installed in the west lane of Route 7, the other in the east. The lights will be timed to permit a safer flow of traffic.

Also approved was the purchase of a new, 12-volt flashing beacon for Marshal Keith Cope's car to replace the old six-volt light. Council granted permission to the volunteer fire department to buy the old light for one of their vehicles at a cost of \$20. The new light will cost \$50.

Mayor McCleary presided at the meeting, attended by councilmen Glenn Rhodes, Glenn Baker, William Crawford, Kenneth Ours and Wallace Swamy. Clerk Maine Hall and Street Commissioner Albert Starkey. Councilman George Long was unable to attend.

Council will hold its next meeting Jan. 7.

Driver Cited After N. Ellsworth Crash

Floyd Brain Jr., 35, of RD 1, Salem, was cited today by city police after his auto collided at 9:10 a.m. with another car at the intersection of N. Ellsworth and 8th St.

Police reported Brain failed to yield the right of way at the intersection and struck a car driven by Roscoe R. Stanley, 62, of 1232 N. Ellsworth. No one was injured.

Other officers installed were Clark Hahn, secretary, and Earl Kitzmiller, treasurer. James Baxter of the Greenford Ruritan Club, Ohio District Ruritan governor, installed the officers. John Risbeck, vice president, and William Woolf, three-year director, were not present and will be installed at a future meeting.

Ray Henry of Sebring showed color slides of a trip to Europe. The new officers will attend a zone meeting at the Christian Church in Lisbon Jan. 9. A board of directors meeting will be Jan. 14 at the Pandin residence.

James Stonemetz of RD 2, Minerva, was accepted as a new member. Visitors were present from Ruritan Clubs in Winona, Darnascus, West Township and Greenford.

The club agreed to purchase four Ruritan road signs to be erected near North Gettrigton.

Dinner was served to the 33 members and guests by the Lakeside Mothers Club.

Columbiana Social

Laymen of the Columbiana churches will hold a New Year's Eve service in the Methodist Church at 11:30 p. m. Monday.

Everyone is invited to attend.

Mr. and Mrs. Ross Sheets visited recently with their son, Robert Sheets of Warren.

REV. AND MRS. CLARENCE E. Stiller of Louisville, Ky., are visiting with his mother, Mrs. Bertha Stiller, and aunt, Mrs. Cora Kurtz.

The Stitlers were guests of the King Daughters Class at a luncheon Thursday.

Hostesses were Mrs. Alice Snoke, Mrs. Cora Royer, Mrs. Hallie Meyers, Mrs. Wadelin, Mrs. Nellie Koch and Miss Estella Esterly.

David F. Kurtz, son of Mrs. Cora Kurtz, is stationed at Honolulu, Hawaii. His wife and two children joined him recently.

East Palestine Gets Sewage Plant Okay

EAST PALESTINE — Mayor Robert Harding announced last night that he had received the go-ahead from regional offices of the Department of Health, Education and Welfare in Chicago on construction of a new sewage treatment plant to cost approximately \$250,000.

The city has issued \$200,000 mortgage bonds and will receive \$80,000 from the government for the project. The Kaiser Construction Co. of Canfield has received the contract and excavation work is already underway for the plant being built near the site of the present plant which was erected in 1937.

ANSWER FIRE CALL

City firemen answered a call Friday night at 8 to the home of Donald Rinard, 1194 E. 3rd St., where burning soot flying from a chimney caused some alarm.

Deaths Funerals

Mrs. Olive Kampfer

Mrs. Olive Kampfer of RD, Lisbon, was pronounced dead on arrival at Salem City Hospital at 11:05 today.

Mrs. C. C. Boyle

Mrs. Flora Pearl Boyle, 74, of 135 Whipple Rd. NW, Canton, a former Salem resident, died at 9:30 a.m. Friday at Canton Aultman Hospital of a cerebral hemorrhage following a long illness.

Born in Salem Aug. 28, 1888, she was the daughter of James and Flora West Bush. Her husband, C. C. Boyle, preceded her in death eight years ago. She lived in Canton for the past eight years and was a member of the First Methodist Church here.

Surviving are one daughter, Mrs. Ruth Collins of Canton, with whom she made her home; one son, James Drake of Beaver Falls, Pa.; two grandchildren; one sister, Mrs. Olive Shrum, and one brother, Lester, both of Beaver Falls.

Funeral services will be at 2:00 p.m. Sunday at the Arbaugh-Pearce Funeral Home with Rev. William Longworth officiating. Burial will be in Grandview Cemetery.

Friends may call at the funeral home this evening.

Mrs. James Farmer

LISBON — Funeral service will be held at 1:30 p.m. Monday at the Madasz Funeral Home at Brookfield for Mrs. Mary Hummel Farmer, 77, of Masury, former Lisbon attorney, who died Thursday at Sharon General Hospital.

Mrs. Farmer, one of the first women attorneys in Trumbull County, practiced in Lisbon for three years while her husband, James, an engineer, was employed on the Stratton dam.

A native of New Castle, Mrs. Farmer graduated from Youngstown College and was admitted to the Ohio bar in 1930. She served one term in the state legislature.

Her first husband, Charles Hummel, died eight years ago. She leaves two sons, Charles of Masury and Ambrose of Lancaster, Calif.; a sister, Mrs. Margaret Wansor of Sharon, and four grandchildren.

Friends may call tonight and Sunday at the funeral home.

Board

the past four years, who is quitting as of Monday for personal reasons.

In other action, the board approved the hiring of Miss Konieczka of 3rd St. as of Dec. 1 to do custodial work at the Senior High School at \$1.10 an hour. Formerly a substitute custodian, she replaced Mrs. Nola Devine, who resigned.

The board will meet Jan. 7 at 7 p.m. in the high school library for its annual re-organization meeting when the five members will elect officers. Current officers are O. A. Narragon, president, and Gail C. Herron, vice-president.

The clerk is W. N. King who was appointed last year for a four-year term. Clerks of boards of education are now appointed for four-year terms rather than for one year as formerly.

The Board will also vote on the regular monthly meeting date. The group in the first part of 1962 had met the second Monday of the month, but in September changed the date to the third Monday.

3 FINED AT LISBON

LISBON — County Judge J. L. MacDonald fined three motorists \$2 and costs each Friday for speeding. They were Roy L. Jeffery, 33, of 251 W. Washington St., Lisbon; Clayton E. Brown Jr., Lisbon RD 3, and Glenn F. Birchler, 41, of Damascus.

Charles Shafer, First Mayor At Rogers, 90 Today

EAST PALESTINE — Charles Shafer, who was elected as Rogers' first mayor in 1893 at the age of 21, observed his 90th birthday today. He had been a long-time resident of Rogers until the Shafer home burned three years ago.

Shafer, born in 1872 in Middleton Township, followed in the career footsteps of his grandfather, Mallon Underwood, and became a lawyer as a young man. He entered a law practice with L. T. Farr the same year he became mayor.

The lawyer also taught in the Carnegie Correspondence School in Rogers from 1908-15.

He now resides here with his brother, Walter, and sister, Miss Sarah (Sadie) Shafer at 436 W. North Ave.

Solution Offers To East Palestine Problem Studied

EAST PALESTINE — Two possible solutions were outlined to the problem facing city officials concerning the discontinuation of production of steam generators by the Allis Chalmers Co. of Milwaukee at a meeting of city officials and interested persons at City Hall last night.

The company, which was awarded a contract three months ago for construction and installation of a 7,500-kilowatt steam generator at the municipal light plant, has promised to fulfill its obligation but has not made a statement concerning future maintenance and repairs.

The first possibility is to let the present contract stand but to require an additional bond from the Allis Chalmers Co. guaranteeing completion of contract and necessary replacements.

A second possible solution, voiced by representatives of the Westinghouse Company and the Worthington Corporation, both turbine manufacturers and both unsuccessful original bidders, would be to reassign the contract to one of them.

Spokesmen were unable to give either company's stand. Word is expected by next week as to the companies' positions if they were assigned the contract.

Hanover Constable Probes Burglary

HANOVERTON — Hanover Township Constable Roy Painter is continuing an investigation into a burglary at the Forest Lane Bowling Alley between here and Kensington that netted the thieves more than \$70 in cash.

Painter said the breaking and entering occurred sometime Thursday morning after the owner, George Stefanik of Kensington, closed the alley at midnight.

The thieves gained entrance by kicking out the bottom section of a nine-foot high plate glass window near the main entrance and crawling through at floor level.

Besides the \$70 in bills and change snatched from behind the counter, the intruders took an undetermined amount of money from cigarette and soft drink machines.

A search by the burglar to locate the easiest entrance to the alley was recorded in the trusted snow that took the footprints of the thief as he circled the building. After stealing the money, the burglar left by a side door.

Congo

(Continued from Page One)

derstand an order to halt.

The outpost had previously been manned by Tunisian U.N. troops who had good relations with the Katangans because both forces spoke French.

The United Nations said Katangans fired on a U.N. patrol Wednesday night and again Thursday night, but U.N. forces did not return the fire.

U.N. accounts said the international troops were under frequent machinegun, automatic weapons and mortar fire throughout Friday morning and afternoon but did not reply to the attacks until late afternoon.

Whatever the origin of the outbreak—the third round of fighting between U.N. and Katangan forces—it came at a time when Tshombe was under increasing U.N. pressure to bring his rich ore-producing province back into the fold with the Central Congolese government.

A report from Washington said the United States was expected to announce shortly its readiness to furnish the U.N. force with further military equipment for the Congo operation. The most important items on the U.N.'s list of needed supplies are 10 fighter planes.

The list was given to Lt. Gen. Louis W. Truman, head of a U.S. fact-finding mission which returned to Washington earlier this week from the Congo.

Northwest County Court

Coral E. Snider of Weirton, W. Va., charged with driving while intoxicated, was fined \$100 and costs and sentenced to three days in jail in Judge Luther Donbar's traffic court this week. The judge suspended \$50 of the fine.

In other cases, four Salem motorists and two others from the vicinity were each fined \$5 and costs for a variety of traffic violations. They were:

Clinton W. Whaley of 583 W. Pershing St., passing at a railroad crossing; Charles L. Smith of 1574 E. State St., speeding; Donald C. Vincent of 912 N. Union Ave., speeding; Milo W. Adams of 910 N. Ellsworth Ave., failure to yield right of way; Maynard A. Savage of RD 3, parking on the highway; and Richard D. Loudon of RD 1, speeding.

Others fined were: Larry Rose of Damascus, \$10 and costs, parking on the highway; Joseph Castellucci of 1456 Freedom Ave., Alliance, \$10 and costs, reckless operation; Clarence R. Sekerak of Damascus, \$10 and costs, driving without the assured clear distance.

Maxine Kay Steele of RD 2, Beloit, \$10 and costs, assured clear distance; Kenneth H. Mangus of Homeworth, \$5 and costs, speeding; Lowell L. Farmer of RD 1, Leetonia, \$5 and costs, speeding; Kenneth L. Morris of RD 1, Lisbon, \$5 and costs driving left of center; Harold G. Casetty of 959 S. Liberty St., Alliance, \$10 and costs, speeding; and Elmer G. Reitor of Warren, \$5 and costs, speeding.

Bonds were forfeited by Lawrence C. Menner Jr. of Youngstown, \$15, speeding; Frederick M. Schultz of Stow, \$20, passing at hillcrest; and Bradley Metzger of Cleveland Heights, \$15, left of center.

Judge Donbar suspended the \$5 fines of Mangus, Vincent and Farmer on the condition they see the traffic safety movie.

A case against Vernon E. Galbraith, charged with operating an unsafe vehicle, was dismissed but he was instructed to take his pickup truck to the State Highway Patrol garage for a mechanical checkup.

The court officers will be closed Monday and Tuesday and the first cases of the year will be heard Wednesday. After that, regular Monday night traffic court will resume.

visitors that some day he hopes to visit a free Cuba.

The callers told newsmen they met with Kennedy "to express our appreciation for his personal efforts which led to our lives being respected and which eventually led to the salvation and freedom of the brigade."

As the liberated prisoners and their relatives, Miami area exile residents, rejoiced in the arrival of 920 more kin from Cuba, a Swiss diplomat in Havana said Castro's offer to permit more relatives to leave was canceled.

Even so, 500 or more persons were reported to have crowded around the Swiss Embassy in hopes of getting clearance to come to the United States. Switzerland handles U.S. affairs in Cuba since the 1960 break in diplomatic relations between the United States and the regime of Cuban Prime Minister Fidel Castro.

It was learned that discreet conversations were taking place between the Castro government and Swiss officials, who are seeking the release of 22 U.S. citizens serving up to 30-year sentences in Cuban jails on charges not connected with the invasion. These r... from counterrevolutionary activity to common crimes.

Colleen Baker, 14, of Lisbon, was admitted to Salem City Hospital at 12:15 Friday with a fractured left wrist which she received in a sled-riding accident.

Lisbon Girls Unhurt In Rt. 45 Collision

Two young Lisbon area women escaped injury this morning at 8 after a rear end collision on Route 45, four miles north of Lisbon.

A car driven by Kathryn Bailey, 21, of RD 5 struck the rear of another operated by Linda P. Seibert, 18, also of RD 5. Miss Bailey was cited by the patrol for failing to stop.
